Specification :

Size :	M	L	XL	2XL
	8	9	10	11
Item Number :	77-395-08	77-395-09	77-395-10	77-395-11
Length : (mm) ± 10 mm	700	700	700	700
Palm Width: (mm) ± 5 mm	105	110	120	125

Packaging :

6 pairs x 6 bags = 36 pairs per case

Applications :

Ronco Integra 77-395 is a premium chemical protective glove with an extended forearm splash protection for handling a variety of chemicals including oils, greases, solvents and acids. Applications include:

- Petrochemical and oil refinery
- Chemical processing
- Fisheries
- Cleaning, degreasing and plant maintenance
- Battery manufacturing and handling
- Masonry and concrete mixing

Product Features :

- PVC triple dipping on the glove provides excellent protective thickness against oils, greases, solvents, acids and a variety of other chemicals.
- Glove remains soft and flexible under cold applications
- Sandy finish provides good grip
- Excellent abrasive resistance, suitable for heavy labour work
- Bacteria and odor treated cotton interlock liner absorbs sweat to keep hands dry

**Caution**

: While the glove section of the product was tested for permeation and chemical resistance, the extended forearm section was tested only for chemical resistance. In effect, the protective forearm extension is not designed for immersion but rather for splash protection.  
Also note that this glove has not been designed for hot oil applications.

Storage & Handling :

Store in original packaging at room temperature under roof away from direct sunlight and moisture. Wash in cool or warm water and hang to dry.

Special Notes :

Although reasonable care has been taken in the preparation of this document, no warranties are extended and no liability is assumed. The information is solely provided as a general guideline for product use and care. It is up to end-users to make their own determination as to the suitability of the product for their own intended purpose(s).
