

User Information Sheet

Ronco Item No : **5633, 5633V, 5633S**

Brand Name : 

Description : **3-Ply Disposable Pleated Mask, ASTM Level 3**
Made in Canada

Material : Non-woven Polypropylene (3 layers)
 Colour : Blue
 Characteristics : ≥99.5% Bacterial Filtration Efficiency (BFE)
 ≥99.5% Particulate Filtration Efficiency (PFE)
 Flame spread: Class 1 rated
 Splash Resistance/Synthetic Blood Resistance, Pass at 160 mmHg
 Differential Pressure < 5.0 mm H₂O/cm² (<49.0 Pa/cm²)
 Standards : Certified to ASTM F2100 Level 3 standards and meets minimum requirements of ASTM F1862 standards for blood penetration

Specification :	Item number :	5633, 5633V, 5633S
	Colour :	Blue
	Length : (mm) ± 2 mm	175 mm
	Width : (mm) ± 2 mm	94 mm
	Ear Loop :	Spandex Rubber Elastic (Latex Free) - 70 denier
	Nose Bridge : Material	PE-laminated Metal wire
	Length	100 ± 5 mm

Packaging : **5633**: 50 Masks (10 masks each wrapped in 5 plastic films) x 20 Boxes = 1000 Masks Per Case
5633V: 100 Masks (5 masks each wrapped in 20 plastic films) x 10 Bags = 1000 Masks Per Case
5633S: 50 Masks (Each mask individually wrapped) x 20 Bags = 1000 Masks Per Case

Product Features :

- Excellent Bacterial and Particulate Filtration Efficiency
- A level 3 medical mask can significantly reduce airborne and droplet transmissions of COVID-19
- Prevents droplets from spreading
- Ear loops straps are ultrasonic-welded (no staples)
- Low breathing resistance and high comfort
- Excellent resistance against bodily fluids and blood meeting minimum requirements of ASTM F1862 standards
- Fiberglass and Latex free, and hence are hypoallergenic
- Adjustable to all facial contours and fits all nose sizes

Application :

- Hospitals
- Clean Room Handling
- Dental Clinics
- Laboratory
- Medical
- Waste Management
- Pharmaceutical
- Food Handling
- Ideal for procedures where light to moderate amount of fluids, spray and aerosols are produced
- Reduces exposure to airborne particulates
- Protects against the transfer of micro-organisms, body fluids and particulate material.

Storage & Handling : Store in original packaging in a cool, dry and well-ventilated area, away from dust, direct sunlight, moisture and excessive heat above 100°F (37°C).
 Avoid direct contact with the used mask. Put it in a plastic bag and discard used masks into a proper lidded trash bin.

Special Notes :

Although reasonable care has been taken in the preparation of this document, no warranties are extended and no liability is assumed. The information is solely provided as a general guideline for product use and care. It is up to end-users to make their own determination as to the suitability of the product for their own intended purpose(s).
